

ADVISE THRONE
TO QUIT PEKINGManchu Princes Urge Flight of
Imperial Family.

TO PROCEED AT ONCE TO JEHOI

Point Is About 120 Miles to the North-east of Peking, Where Imperial Family Usually Goes During the Summer—Imperial Army at Hankow Starts for Honan With Object of Engaging Revolutionary Column.

Peking, Jan. 13.—The Manchu princes of the imperial clan met and resolved to advise the throne to retire immediately to Jehoi, about 120 miles to the northeast of Peking, where the members of the imperial family usually have gone during the summer.

The whole of the imperial army at Hankow has started on the way to Honan, with the object of destroying a revolutionary column operating there. The imperial troops intend to reoccupy several towns in the province of Honan and Southern Chihli, which had gone over to the revolutionists.

The palace of Jehoi, to which the emperor will flee, is among the mountains of Mongolia. Two hundred carts left the capital recently carrying stores and furnishings, for the palace has been uninhabited since the late dowager's husband died there in 1861. The palace, with a surrounding galaxy of temples, lies in the valley near the small military town of Jehoi. Temples and palace were built about 200 years ago by order of the great Emperor Chien Lung, the first in an attempt to shift the center of Buddhist influence from Tibet to Mongolia, the second as a cool pleasure resort in summer.

TROOPS DEPART FOR CHINA

Battalion of Fifteenth Infantry Sails
From Manila.

Manila, Jan. 13.—The United States transport Logan left here with a battalion of the Fifteenth infantry and other details on board on the way to Chinwangtao, in Northern China. The American troops, after they have disembarked, are to be employed in guarding a section of the Peking railroad from Tangshan to Lanchow against the possible attack of either imperialists or republican troops.

The departure took place in the presence of a throng of civilians and soldiers of other regiments while women crowded the quay bidding tearful farewells to the troops.

RETREATING FROM HANYANG

Twenty Thousand Manchu Soldiers
Evacuate City.

San Francisco, Jan. 13.—A cable received by the Chinese Free Press from Nanking says:

"Twenty thousand Manchu troops are retreating from Hanyang, in the Yangtze valley, to Sunjongchow. The cities of Hohangfu, Suchowun and Yutsu have been captured by the revolutionists. The Manchu general, Wong Him Yuen, has gone to the relief of the troops retreating from Hanyang."

GLOTFELTER AGAIN CHOSEN

Re-Elected President of Minnesota
Agricultural Society.

St. Paul, Jan. 13.—The delegates to the State Agricultural society, in the quietest session for many years, elected by acclamation its officers for the coming year and adjourned without the semblance of argument over anything.

President Glotfelter was nominated for re-election by C. R. Wilkinson of Lake Elmo and J. J. Furlong of Austin, who had been mentioned as a candidate against him, seconded the nomination and moved to make it unanimous. Mr. Glotfelter responded with a brief speech, in which he promised to make the 1912 state fair better than any before.

Following are the officers chosen: President, C. W. Glotfelter, Waterville; first vice president, Eli S. Warner, St. Paul; second vice president, E. J. Strickwell, Minneapolis; manager, Robert Crickmore, Owatonna; manager, C. P. Craig, Duluth.

SPLIT ON SUFFRAGE BILL

Measure Likely to Cause Struggle in
Arizona Legislature.

Phoenix, Ariz., Jan. 13.—Woman suffrage probably will cause the hardest struggle in the first legislature of the new state. Indications are not lacking that a determined effort will be made to defeat suffrage, although some Republican leaders, until recently classed as reactionaries, have publicly announced their intention of supporting the measure to enfranchise women.

Radical Democratic legislators favor the proposed bill, while the conservative Democrats oppose it.

Bryan to Tour South.

New York, Jan. 13.—Colonel William J. Bryan prepared to start South for a series of lectures and will stop off in Philadelphia and Washington. He did not commit himself to any one's presidential candidacy.

CARNEGIE ENDS
HIS TESTIMONYIronmaster Through With Steel
Inquiry Committee.

OPPOSES IMPERIALISM POLICY

Laird of Skibo Admits Giving \$15,000 to Prevent Annexation of Philippines, Assails Wall Street and Brands Stock Jobbers Parasites and Urges Roosevelt Trust Policy in Preference to That of President Taft.

Washington, Jan. 13.—Andrew Carnegie concluded his testimony before the house steel trust investigating committee. He admitted that in 1900 he contributed \$15,000 to oppose the policy of imperialism and the annexation of the Philippines, assailed Wall Street and branded "stock jobbers" as parasites, urged the Roosevelt trust policy in preference to that of President Taft for dealing with the trusts and asked congress to consider carefully that problem.

After a day of examination on many subjects Mr. Carnegie was subjected to a fire of questions which put him on his mettle. Chairman Stanley elicited from him an attack on stock jobbing that probably will influence legislation to be proposed by the committee and Representative McGillicuddy of Maine took the ironmaster over some political jumps that were altogether unexpected.

"Mr. Carnegie," asked Chairman Stanley, "in the organization of the Carnegie Steel company of New Jersey why did you divide your stock into \$1,000 shares?"

"To keep them off the stock exchange," was Mr. Carnegie's quick reply.

"Why did you want to keep them off the stock exchange?"

Opposed to Stock Jobbing.

"Because I do not believe in stock jobbing. Because I did not wish to have my partners in business tempted to speculation. I never in my life bought or sold a share of stock on the speculative market. I was reared differently. I had a grandfather in Scotland ruined by stock speculation. I resolved that it was ruinous when a young man and throughout my business career I never bought long or sold short."

Chairman Stanley, producing an old document, read from a statement made by Mr. Carnegie many years ago in which the ironmaster said: "Stock gamblers are parasites feeding on values and creating none."

"Are you still of that opinion?" he asked.

"Mr. Stanley, the other day you referred to something I had said about competition and you said you would like to have it engraved on a memorial tablet," Mr. Carnegie answered. "I wish you would take the quotation you have just read, engrave it on a tablet and put it in the stock exchange."

Representative McGillicuddy somewhat confused Mr. Carnegie with a fire of questions seeking to show that a plan was formulated to organize the United States Steel corporation before Mr. McKinley was elected president in 1900 and that the deal was consummated soon after his election. He brought out the fact that Carnegie had told McKinley to have nothing to do with imperialism or the acquisition of the Philippines.

CHAMPIONS AGED NEGRESS

Iowa Congressman Knocks Down
White Thug.

Washington, Jan. 13.—Representative Kendall of Iowa was kept busy by friends who commended him for his gallantry in knocking down a white hoodlum who had attacked an aged negress.

When Mr. Kendall alighted from a street car at a busy corner he saw two white men addressing profane language to the negress, who was carrying a basket of freshly laundered clothes. Presently one of the men struck the woman, felling her. The contents of her basket were scattered in the snow and slush.

Mr. Kendall landed his fist squarely on the jaw of the assailant and laid the man motionless in the snow. Then he assisted the unfortunate woman in restoring the clothes to the basket.

PLANNING GETTYSBURG FETE

Pennsylvania Commission Preparing
Fitting Celebration.

Washington, Jan. 13.—The movement for a fitting celebration in 1913 of the fiftieth anniversary of the battle of Gettysburg took definite form when the Pennsylvania commission, having the matter in charge, appeared before the joint congressional committee and made public its plans.

It is proposed to have the celebration extend over the first four days of July and the most important feature will be the laying of the corner stone of a great peace memorial to be erected by the nation at the entrance to the battlefield. A bill will be introduced in congress appropriating \$500,000 for this purpose.

GOVERNOR EBERHART.

Announces He Will Be
Candidate for Re-Election.

CANDIDATE FOR RE-ELECTION

Governor Eberhart Declares Himself
at Sioux City, Ia.

Sioux City, Ia., Jan. 13.—Governor A. O. Eberhart of Minnesota announced his candidacy for re-election while spending a few hours in Sioux City between trains. The formal announcement will be made upon his return to Minnesota. He anticipates no great trouble in again being returned to the office, maintaining that his record should accomplish that end.

Regarding state politics in Minnesota Governor Eberhart said that the entire state delegation will easily be for President Taft at the national election unless unexpected developments should present themselves.

ALLEGED PERKINS IS
BACKING ROOSEVELTTwo New Developments in Pres-
idential Situation.

Washington, Jan. 13.—There were two developments of great interest in the Republican presidential situation here. The first was the alleged discovery that supporters of Colonel Roosevelt are relying upon George W. Perkins to raise money for the promotion of the Roosevelt boom. Republicans who profess to be familiar with recent developments in the situation declare that Mr. Perkins is already active in the interest of Roosevelt and that his movements in this direction are well known to President Taft's political advisers.

In this connection it was asserted that a movement already is under way in the South to make inroads into the Taft forces and land delegates for Colonel Roosevelt.

The other development that has greatly interested Republicans here concerns United States Senator Albert B. Cummins of Iowa. Mr. Cummins' friends declared that Senator Cummins, when he was out in Iowa during the Christmas holidays, summoned all of his lieutenants to him and inquired whether the Iowa delegation to the national convention could be won for Senator La Follette. The information that he got was that La Follette could not control the delegation, but that it could be carried for Mr. Cummins.

IS DAMAGING TO CONNORS

Parks' Testimony Stands Vigorous
Cross-Examination.

Los Angeles, Jan. 13.—Although assailed from every angle the testimony given by J. Mansell Parks against Bert Connors in the hall of records dynamiting trial withstood all the attacks of the defense. No important contradiction was obtained in any point concerning the alleged conspiracy with which Parks swore that not only Connors but six other prominent labor men were connected, and Lecompte Davis, one of counsel for the prisoner, said the witness' testimony was "damaging to Connors."

Court adjourned until Monday and the state announced that it still had ten more or less important witnesses to call.

Children March to Safety.

New York, Jan. 13.—One of the buildings of the Hebrew Sheltering and Guardian society on Broadway was damaged by fire while about 400 of the 500 children in the institution at the time were formed in a fire drill and marched from the building in safety.

POLITICIANS
TO "GET EVEN"Willing to Nominate Their Dear-
est Enemies.

TO "SOAK" THEM AT ELECTION

Roosevelt Will Not Accept Unless He Sees Victory Ahead—Distributing Bids as Well as Garden Seeds. Mileage and Bachelors—Trying to Abolish Presidential Handshake.

By ARTHUR W. DUNN.

Washington, Jan. 13.—[Special.]—Unless all signs fail this is going to be a great year for Republicans to "get even." For sixteen years grousches have been accumulating, and no matter who is nominated at Chicago there will be a lot of men calling themselves Republicans who will "soak" the head of the ticket when the election comes. "Let him have it! Let him have it!" said a prominent Republican of Pennsylvania. He was speaking of Roosevelt. "This is just the year to let him have the nomination. Then we can all give him what's coming to him. Four years from now we will re-elect Taft."

And similar expressions are heard by those who do not want to have Taft elected. The Republicans who have become disgruntled and think no Republican can be elected would like to see the man they dislike nominated.

But Roosevelt is watching.

The fellows who are talking about nominating Roosevelt and then "soaking" him must remember that he is a keen observer and is kept well informed regarding every phase of the political situation. He is not going to lead a forlorn hope nor take a nomination when defeat is probable.

It will be plain sailing ahead for Roosevelt or he will not take the nomination even if he could get it. Meanwhile he continues to break the rule of all newspaper offices by keeping on the first page practically all the time. His advertising does not fall off.

A Paternal Government.

Out in Iowa they evidently think that the government can furnish them anything they want. A constituent of Congressman Woods, sometimes called "Hickory Elm" Woods, not long ago asked if the government would furnish him a bear. Woods did not know just where to go, but he tackled the interior department, which has charge of game preserves. The clerk told him that the best he could do was to grant a permit to hunt bear in the Yellowstone park.

"I am afraid that wouldn't do," said Woods, "but you might suggest to one of your keepers out there that in behalf of my friend he get up a well organized bear bee."

The suggestion was forwarded without any idea of results, but a few weeks later Mr. Woods received a letter from his constituent saying he had received two lively cub bears from the park. "Having two," he wrote, "I can't give the name 'Woods,' as I had intended for one, so I have called them 'Hickory' and 'Elm,' in your honor."

Joe Dixon's Contribution.

Senator Dixon of Montana wrote out a number of New Year's cards for his friends. "I am sending you," said he, "a happy New Year. If it does not bring you peace, prosperity and happiness let me know and I will send you another."

Any Excuse Is Good.

When the proposition was made to reduce the mileage allowed members of congress several men pointed out that to do so would compel married men to leave their wives and families at home. "You would place a premium on bachelors!" shouted Congressman Humphrey of Washington, who comes a good long way, and mileage means a great deal to him.

"No," shouted back Byrns of Tennessee, who had the floor, "I would much rather tax bachelors, so that they would know their own best interests and get married."

Increase of Salaries.

The supreme court judges are now receiving \$15,000 instead of \$13,000, which was the salary for a long time past. About ten years ago the salary was \$12,500. There has been a general increase of salaries of all higher officials in the federal service during the past ten years. Some of the clerks have also benefited, but not many. The high cost of living has been given as a reason for increasing salaries, but it has been applied to those who have been getting the most money.

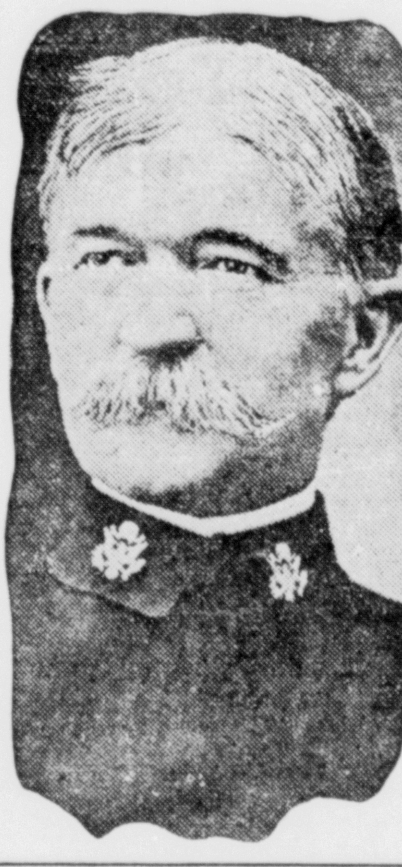

Must the Handshake Go?

As President Taft had to take a day off after greeting 8,000 callers on New Year's because his hand and arm were so lame from shaking hands that he could not use them, the suggestion has been made that this form of greeting should be dispensed with. The man who can keep his mind on the handshake and work the game of getting his grip first and gripping hard comes out fairly well. But a president cannot always do that. The story was told of Mrs. Cleveland that her right hand was much larger than her left when she retired from the White House. Like a great many other things that are talked about in Washington and where reforms are suggested, the old custom will continue.

General Carter Says 35,000 Former Sol-
diers Are on Island.

Washington, Jan. 13.—A statement made by Major General Carter, assistant chief of staff of the army, that there are 35,000 former Japanese soldiers in Hawaii who would support Japan if that country and the United States went to war, made a deep impression on the house committee on military affairs.

General Carter expressed the belief of the general staff officers that the United States must enlarge greatly its military forces or dispose of some of its insular possessions.

CHICAGO PACKERS
LOSE VITAL POINTCourt Rules Government Has
Right to Examine Books.

Chicago, Jan. 13.—An important point was won by the government in the prosecution of the ten Chicago packers charged with criminal violation of the Sherman law when United States Judge Carpenter granted District Attorney Wilkerson and an expert accountant permission to examine the books of Morris & Co. outside the session of court.

The books are the general journals and ledgers for the period between 1905 and 1910 and were produced in court by the chief accountant of the company.

The government wants to read into the record of the case numerous entries in support of its contention that the allowances made for by-products are inadequate and are part of the general operating plan of the alleged combination.

Counsel for the defense protested against the ruling of the court and insisted that the object of the government was to search for evidence.

WOMAN SHOWS GREAT NERVE

Directs Rescue Work While Pinned
Under Auto in Intense Cold.

Cincinnati, Jan. 13.—A rare display of nerve was made here by Mrs. Charles L. Harrison, wife of a member of the board of sinking fund trustees of this city. Mrs. Harrison was pinned under the wreckage of her automobile for exactly one hour and seven minutes after it had been crushed to pieces by two street cars.

The wreck was in such a position that hasty removal would probably have crushed the life out of the woman. She endured the zero weather and courageously directed the members of the fire department who were rushed to the scene. She was removed to a hospital and is in a serious condition from the shock and cold.

BANKER MURSE TRANSFERRED

Taken to Federal Hospital at Hot
Springs, Ark.

Washington, Jan. 13.—Charles W. Morse, the New York banker, was ordered transferred from Fort McPherson, Ga., to the army general hospital, Hot Springs, Ark.

President Taft and Attorney General Wickersham decided upon the transfer, believing special medical treatment was necessary.

Because of his physical condition Morse recently was transferred to Fort McPherson from Atlanta penitentiary, where he was serving fifteen years for violation of the banking laws.

Mother Had Son Kill Father.

Paris, Jan. 13.—A sensational murder trial in which several members of an aristocratic family are involved opened at Caen and is being followed throughout France with absorbing interest. A youth aged eighteen is accused of slaying his father, Baron de Courvoysier, at the instigation of his mother and with the complicity of other members of the family.

McCumber to Offer Substitute for
Sherwood Pension Measure.

Washington, Jan. 13.—When the senate committee on pensions meets Monday to consider the Sherwood general service pension bill Chairman McCumber will ask the committee to substitute a bill which he has prepared and introduced, which undertakes to grant increased pensions by amending the present law so as to make additions both on account of age and service.

Estimates placed the increased cost under the McCumber bill at \$22,000,000 annually, or an average of \$52 a man. Senator Curtis of Kansas, a member of the committee, will also offer a substitute to the Sherwood bill, materially reducing its figures.

STRONG SOCIALIST GAINS

Incomplete Returns So Far From Ger-
man Elections.

Berlin, Jan. 13.—An unprecedentedly heavy Socialist vote, which probably reached four millions, and heavy Socialist gains proved, as expected, the feature of the 1912 elections to the reichstag, held throughout the empire. The election was marked also by the disastrous rout of the Radicals and far smaller inroads into the Clerical and Conservative majority of the last reichstag than was anticipated.

The results, although far from complete, show that the Socialists have captured twenty-one seats from the non-Socialist parties and lost only two, a net gain of nineteen.

HOOK SENDS TAFT LETTER

Replies to Charges Made With Idea of
Preventing Nomination.

Washington, Jan. 13.—United States Circuit Judge W. C. Hook of Kansas, one of the most prominent candidates for the existing supreme court vacancy, made a personal reply to President Taft to charges recently made against him with the idea of preventing his nomination.

Through Senator Curtis of Kansas Judge Hook laid before the president a letter denying the charge that his son had been an attorney for the railroads in the Oklahoma 2-cent fare case in which Judge Hook issued an injunction in favor of the railroad.

ASSAILS FISCAL POLICIES

Governor Harmon Scores Republican
Administrations.

East St. Louis, Ill., Jan. 13.—Governor Judson Harmon of Ohio, in an address before the St. Clair County Democratic club, attacked the financial policies of recent Republican administrations. He compared the administration of President Andrew Jackson, which he declared was for the good of all people, to that of the present, which he said "was in effect farming out the taxing power, one of the greatest abuses known to history."

Governor Harmon pleaded for public business to be managed with the same principles and with the same care and ability that citizens devote to their private business.

Riotous Strike Demonstrations
at Lawrence, Mass.

MAY CALL OUT THE MILITIA

Foreign Textile Workers Resent De-
duction of Two Hours' Pay From
Their Envelopes—Manufacturers Put
Plan in Operation to Meet Forced
Reduction in Hours of Labor Under
New State Law.

Lawrence, Mass., Jan. 13.—Striking operatives in some of the big textile mills figured in a riotous demonstration and as a result squads of police are patrolling the streets in the mill district, particularly in the neighborhood of the Wood, Ayr and Washington mills of the American Woolen company, guarding the property.

For more than three hours the police fought hand to hand with Italian strikers who left their places in the mills of the American Woolen company and Lawrence Duck company because the manufacturers, to meet a forced reduction in the hours of labor under the new fifty-four hours a week bill, had deducted two hours' pay from the wage envelopes.

More trouble is feared when up-wards of \$100,000 in wages is due to be paid in various mills.

Although Mayor Scanlon believes that the police will be able to handle the situation he has made arrangements for calling out the local militia companies at short notice. Under the law he could do this without consulting state officials and within a comparatively short time at least 150 men under arms could be placed in the streets of the city.

During the rioting when 500 Italians marched through the mills, calling upon other operatives to strike, several persons were slightly injured. Whenever the strikers were opposed they resorted to force and bobbins and other missiles flew thick and fast at times. Officers who responded to a riot call were obliged to use their clubs freely to disperse the troublemakers.

The state board of conciliation and arbitration tendered its services to Mayor Scanlon, but the latter replied that he believed the local authorities were able to handle the situation.

Mayor Scanlon and Commissioner of Police Lynch called in conference prominent representatives of the different classes and nationalities involved and urged them to go among their people and explain the new law, reducing the hours of labor from fifty-six to fifty-four hours a week. It is hoped that this work will prove effective in preventing trouble.

In spite of these efforts a mass meeting, attended by 1,900 operatives, mainly Lithuanians, Poles and Italians, voted to hold firm in their protest against reduction in wages and to remain away from work.

Lawrence is unique in that in the mill district forty-five languages are spoken and the operatives represent fifty-four different countries of Europe, Asia and Africa.

KELLOGG STANDS NO CHANCE

Said Attorney General Opposes His
Appointment.

Washington, Jan. 13.—Frank B. Kellogg of St. Paul has been eliminated from consideration as a successor of the late Justice John M. Harlan of the supreme court, according to an authoritative statement, regardless of the decision that may be reached relative to the appointment of Judge William C. Hook of the Eighth judicial district. The impression has got abroad here that Attorney General Wickersham is opposed to the elevation of Mr. Kellogg to the supreme bench.

Mr. Wickersham favors the appointment of Secretary of Commerce and Labor Nagel. Mr. Nagel, however, is sixty-two years old and President Taft has adopted a policy of not naming appointees more than sixty years old to the bench.

Anti-Panic Bill Introduced.

Washington, Jan. 13.—The bill to incorporate the National Reserve Association of the United States was introduced in the senate by Burton (Rep., O.) This is the measure formulated by the national monetary commission. It is intended to accomplish currency reform and prevent panics.

OLD BOYHOOD FRIENDSHIPS

Senator Lorimer Explains How He
Got Many Votes.

Washington, Jan. 13.—Senator Lorimer of Illinois, continuing his testimony before the senate investigating committee, undertook to explain the individual motives which caused 108 members of the Illinois legislature to cast their ballots for him. His recital was a long story of boyhood friendships grown to political alliances.

"I've known that man all my life, probably since I was ten years old, and he had gone through some hard knocks himself and felt as if he wanted to help some one else who had been through it, too," was one of the answers he frequently gave.

Some of his explanations were homely stories of his political life thirty years ago, before he became a national figure.

Owing to the severe cold snap the opposing candidates for mayor of Duluth have not opened their campaigns—a case of frozen politics which is something unusual.

The Pine River Sentinel thinks that "Those who have fault to find with Alvah Eastman as Congressman-at-large have much greater powers of discernment than the majority of the average citizen."

News of the death of Mrs. S. G. Iverson at St. Paul, wife of State Auditor Iverson, will be received with regret by friends and acquaintances of the family throughout the state. Her death occurred after an illness of two weeks of pleuro-pneumonia.

The Walker Pilot thinks that if some of the counties could build good roads as cheaply in comparison as it gets its printing done "a farmer driving to town would not be able to spit out of his wagon without striking a piece of asphalt." But the thing will never happen, printers and publishers seem to be the only people on earth who furnish goods to the county at less than cost. And in many counties after the local publishers print the tax list, financial statement and commissioners' proceedings at less than cost of composition, to say nothing of newspaper space, the job printing is sent out of the county at good profit to the outside firms. The printers themselves are to blame for the condition that exists.

The fire department answered a fire alarm at three o'clock this morning. The Brainerd Steam laundry on Laurel street had a small blaze caused by a stove, the fire being confined to a lot of clothes including shirts, collars, shirt waists, etc. About \$50 damage was done. The department was very prompt in answering the alarm and the proprietor of the laundry said they exercised care in not damaging any property in putting out the fire.

A Girl's Wild Midnight Ride
To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

GERMAN LUTHERAN CHURCH FIRE

The German Lutheran Zion's church, 423 North Tenth street, was on fire at about three o'clock this afternoon and the blaze is supposed to have started from the furnace. The roof of the little church was badly damaged, but the walls are still intact. It is thought the damage will exceed \$1000.

Arrangements have been made for the congregation to hold its Sunday services in the Norwegian-Danish Lutheran church, 521 South Bluff avenue.

P. J. Albertson, of Section 14, Long Lake Township, Says The Soil Cannot be Outdone

That Crow Wing county is a most desirable place to live in and that its soil is of a most excellent quality is attested by the letter of P. J. Albertson, of section 14, Long Lake township. Mr. Albertson says:

"As so much has been said in the Twin City press of the big yield of corn in the southern part of the state, will say that the soil of Crow Wing county can not be outdone. "I had a field consisting of four and one-half acres planted in corn in 1911. It was the Minnesota King kind. I cultivated it as long as I could get the horses in it, had it cut with a corn binder and put it in large shocks, having 160 on the field. "I hauled home 65 shocks from which I husked 481 heaping baskets full, which is a little better than 7 baskets to the shock. That was all that I took count of, but I could not see any difference in the field. If the remaining 95 shocks did pan out as well it means close to 600 bushels. It did not mature. About two-thirds of it being soft, but it made good feed for the stock."

FRENCH AND GERMAN COLORS

Supposed Origin of the Tricolor and the Teuton Flag.

For five centuries black and white have been the Hohenzollern colors, and the first verse of the German war song, "Ich bin ein Preusse," is: "I am a Prussian! Know ye not my banner? Before me floats my flag of black and white! My fathers died for freedom: 'twas their manner—So say these colors floating in your sight."

The mercantile marine tricolor of black, white and red is emblematic of the joining of the Hohenzollern black and white with the red and white, which was the ensign of the Hanseatic league. This flag came into being when the North German Confederacy was established, Nov. 25, 1867, at the close of the Austro-Prussian war. The red and white represent the commercial prosperity of the nation, while the black and white symbolize the strong arm of the state prepared to protect and foster it.

Nowhere have historical events caused so much change in the standards and national ensigns of a country as in France. The oriflamme and the chape de St. Martin were succeeded at the end of the sixteenth century, when Henry III, the last of the house of Valois, came to the throne, by the white standard powdered fleur-de-lis. That in turn gave place to the famous tricolor which was introduced at the time of the revolution, but the origin of that flag and its colors is a disputed question. Some maintain that the intention was to combine in the flag the blue of the chape de St. Martin, the red of the oriflamme and the white flag of the Bourbons. By others the colors are said to be those of the city of Paris. Yet again other authorities assert that the flag is copied from the shield of the Orleans family as it appeared after Philippe Egalite had knocked off the fleur-de-lis.—Kansas City Star.

AVID DELONIA
TAKES THE STAND

Defendant in Murder Case is Heard in
His Own Behalf on Friday
Morning
THE CONFESSION THAT HE MADE
on McNaughton, Charles Heath and
Ed. McGillis Testified for the
Defense Today

- The jury trying David Delonia, accused of murdering his brother, Mike Delonia, is composed of:
1. Joseph Britton.
 2. D. A. Krelkiau
 3. C. A. Fox
 4. Jesse Britton
 5. C. E. Gibson
 6. George Petrie
 7. J. J. Tucker
 8. Charles Peterson
 9. W. B. Hill
 10. Frank Veillette
 11. M. J. Hawkins
 12. C. H. Adams

On Saturday noon the case of the state against David Delonia or Depey as he is also called was about closed. The testimony had all been produced and the afternoon is to be devoted to the arguments made by the county attorney, W. A. Fleming, representing the state and by M. E. Ryan, the attorney of David Delonia.

On Friday afternoon Mrs. Annie Johnson completed her testimony. She state then put on the stand Ed. McGillis, Henry McCarthy, the man who found the body of Mitchell Delonia; Capt. Hurley of the local police force; Dr. R. A. Beise, Claus A. Theorin, who secured a confession from David Delonia; D. E. Whitney, the deputy coroner. The state then rested.

Attorney Ryan asked that the action be dismissed for the reason that the state had failed to prove the allegations charged in the indictment. His motion was denied by Judge W. McClenahan.

John McNaughton, Charles Heath and Ed. McGillis were then placed on the stand to testify for the defense and were followed on Saturday morning by the defendant, David Delonia, who gave a recital of his version of the death of his brother.

The confession introduced in evidence by the state and purporting to have been made by David Delonia to Sheriff Reid and Deputy Sheriff Theorin who wrote it out at the dictation of the defendant, read as follows:

"At the time Billie Barns was Chief of police we was down there. I think it was on Christmas or New Years. Mitchell and Sam was there. Mitchell commenced to pound Smith and Sam, my brother and I tried to stop it.

"I went after Billy Barns and Mitchell got a rifle and pulled it on Billy. Billy went after Mose DeRoshier and Mitchell got away and Mitchell as had it in for me ever since then. Then I lived at Tamarack lake he came there and nearly killed me. I was laid up after for several days. Then George Cossette came along. He smashed up everything I had. I broke the stove and everything else. Scar Hill saw that.

"This was in the spring. He went away and did not come back until fall. Then he held up my woman for \$11 and she had clothes and money. This was done when I was out hunting ducks and I have not seen him until last September.

"Since that time he has stayed with me and we got along very well until Sunday night when he, Mitchell, commenced to whip Anna Johnson and I tried to stop him and he turned on me and knocked me down.

"Then Anna run out and he went after her over to Meyer's place and brought her back and they went up stairs. Then he throwed her down stairs. Then I tried to stop him again and this time he beat me on the left side of the face.

"Then I got away from him and run out and he followed me with a rat spear, saying: 'I will kill you.' 'I grabbed my gun, a 22 rifle which had been placed outside.

"I shot once to scare him and the second time I hit him on the left side under the heart and he went in the house and fell on the floor and I came in and he, Mitchell, told me to get a doctor. And I ran to a store and to phone but could not get it as the store was closed and when I came back he was dead.

"Then I took and put the dead body in the bed. Then I intended to give myself up to the sheriff and tell what I had done, but I was advised to put the body away and it would never be found out.

"I was crazed by the excitement and did so. Then I took the body out of the house alone and placed it on a hand sled and hauled it to or near the old mill site and dropped it in a hole. Then I returned home.

"This statement I make to Fred J. Reid and Claus A. Theorin and is a true and correct statement of the facts of the killing of my brother, Mitchell Delonia.

(Signed) DAVID DELONIA.

This confession is of rather a rambling nature and the first incidents mentioned refer back to the very early history of Brainerd when Chief of Police Barns and Patrolman DeRoche were on the force and was probably mentioned by David to show the quarrelsome nature of his brother.

When testifying in his own behalf David mentioned the proceedings which led up to the quarrel and told how the shooting took place. He told how he had ordered Mike back when he threatened him.

"He kicked me," said David, "and he grabbed a spear. Keep back or I'll shoot, I told Mike. I was 20 feet away and kept on running from him. I shot once to scare him. At the second shot he dropped the rat spear and Mike started to the house."

Dave threw his spear back of the house. He looked in the kitchen window and saw Mike lying on the floor.

"Where did I hit you?" said David to the fallen man.

"Go get a doctor and I'll live," Mike answered.

David then went to the home of the storekeeper in Northeast Brainerd in the mill district. He said he could out get in and that the storekeeper told him to keep away.

David then ran back and Mike was dead. On the way he met somebody but did not know who it was. Mike was dead at his house and Mrs. Johnson was in the house.

Dave's wife told him to get the police and to give himself up.

"Mrs. Johnson cried and screamed," said Dave, "and said, 'don't go, we'll all be arrested and hung.' She told me to put him away and no one would find out about it. Mrs. Johnson helped me put the body on the little sled.

"It was moonlight. I took the cut-off to Mill street and took the body to a hole and dumped it in. I

had been drinking all day Sunday, Monday and Tuesday.

"I intended all the time to give myself up. McGillis was there Monday and he told me to give myself up. I told him I had killed Mike and that I was going to give myself up. I took the rifle and was going to kill myself. I went to the river to do it. But the gun was not big enough and I threw it in the river."

David testified that he knew Mike was quarrelsome and that he had lots of trouble with him when he was drinking.

The rat spear was introduced in evidence and stood at the side of the defendant as he testified. Sam Delonia, the brother of Dave, was seated at the table near Attorney Ryan. Mrs. Delonia, the wife of Dave, took an intense interest in all the proceedings. In the cross examination Dave said that when he shot a second time at Mike he had no intention of killing him. He only shot to scare him.

In the cross examination by County Attorney Fleming the state made an effort to shake the testimony given by David and referred to the confession made. David stated that body lay there only a few minutes and not all day before he took it away.

Judge McClenahan entered an order that the triers in the case, Attorneys G. S. Swanson, Gile O'Brien and Gustav Halverson, appointed by the court, be paid \$15 each for their services.

Card of Thanks

TO STAMP OUT
TUBERCULOSIS

City and County Plan to Co-operate in a Campaign of Education

PREVENTION THE BEST CURE

Visiting Nurse Will Devote Spare Time to Work in Rural Districts

The county commissioners at their last meeting appropriated from the county funds \$150. This is intended especially for tuberculosis work, as is also the money received from the sales of Red Cross seals.

The nature of this work may not be fully understood. Science has discovered that tuberculosis, typhoid fever and a number of other diseases are preventable. Only ignorance propagates these diseases, and a nation-wide campaign of education and legislation is now going on. Many of the states have sanatoriums and tuberculosis associations, and efforts are being made to educate the people so that they may understand how to avoid these diseases. There is no doubt of a ready response to these efforts, but the problem is how to reach them, especially those in the rural districts where more deaths occur from tuberculosis in proportion to the population than in the cities.

Dr. Vincent of the University in an address before the state tuberculosis association said: "We are our brother's keeper and we cannot get away from the responsibility. We must distribute to the many, the knowledge attained by the few." One case of tuberculosis or typhoid fever may infect many others and as long as ignorance prevails in the care of these diseases, so long will they continue to spread.

In many counties the rural work is being taken up by the visiting nurse and as she visits many families her opportunities for teaching sanitation and care are great. This sanitary teaching is one of the important factors in a nurse's work, which is too often overlooked and unappreciated.

Brainerd has had a visiting nurse for four months. Miss Bohlke has made many professional calls on the sick during that time, and although not strictly a part of her duties as nurse, has also done excellent work in collecting food and clothing for those in need.

But still her time is not all occupied. The unusually healthful condition of Brainerd it is thought will make it possible for her to take up some of this country work and by investigating conditions and giving instruction and care so far as her time permits.

UNION RELIGIOUS SERVICES

Will Continue Next Week with Exchange of Pulpits Sunday Evening—Good Audience Last Evening

The union religious services which have been in regular progress during the week at the Methodist church the fore part of the week and at the First Congregational church on Thursday and last evening, will open up at the First Baptist church on Monday evening with the Rev. A. Zabel as the preacher. Rev. Zabel is advertised to preach on "The Right Way," and there will be special music.

The meeting last evening at the First Congregational church was well attended, and the sermon by the Rev. Charles Fox Davis was an earnest presentation of the conditions necessary for Christian discipleship. The prayer and praise service was conducted by the Rev. W. J. Horner.

On Sunday evening there will be an exchange of pastors in connection with the movement which will be as follows:

Peoples' Congregational church, Rev. C. B. Hilton.

First Baptist church, Rev. Charles Fox Davis.

First Congregational church, Rev. W. J. Lowrie.

First Presbyterian church, Rev. W. J. Horner.

The exchange of pulpits has been made to relieve the preachers from having to prepare two sermons and to give up the spirit of the movement in the churches interested.

The scheduled services for next week are as follows:

Monday evening, Baptist church, Rev. A. Zabel.

Tuesday evening, Baptist church, Rev. W. J. Lowrie.

Wednesday evening, Baptist church, Rev. M. L. Hostager.

Thursday evening, Peoples church, Rev. C. B. Hilton.

Friday evening, Peoples church, Rev. Charles Fox Davis.

There will be special music at each service, and the general public is cordially invited.

Notice Odd Fellows and Rebekahs

There will be a joint installation of the officers of Unity Lodge No. 194 and Florence Rebekah Lodge No. 111 on Monday evening, January 15th. All members and immediate families are cordially invited to attend.

EDITION ATTRACTS NOTICE

Superior Telegram in Editorial Mentions Mining Supplement Which Dispatch will Publish

That the coming supplement of the Brainerd Dispatch devoted to an exposition of the South Range of the Cuyuna is attracting attention even before publication is evidenced by the editorial in the Superior Telegram of January 12th. The article states: "Next Friday, January 19, the Brainerd Dispatch will publish an eight page supplement devoted to the Cuyuna iron range. Several well known mining men will contribute articles for the supplement."

Other papers are also mentioning it and many orders are being placed by mining men, investors, fee owners and others for copies of the edition. At Deerwood Oberg Brothers have ordered 100 copies. The Brainerd Commercial club takes a large number of copies for distribution. As the supplement accompanies the Daily and Weekly issue of January 19th it will reach every subscriber on these two editions as well as the hundreds who have ordered extra copies. These sell at five cents each. Contributors of articles of course are

RANSFORD IMPROVEMENTS

Manager L. D. Bailey is Introducing Many Innovations at This Popular Hotel

Among the improvements introduced by Manager L. D. Bailey at the

the Ransford hotel are the installation of new electric lights in the dining room and the remodeling of the toilet rooms on the main floor of the hotel.

In the dining room separate switches are being installed and candelabra are being placed on the tables. Automatic electric lights are being installed in the toilets which flash up when the doors are opened.

Manager Bailey is active in providing all these conveniences which are looked upon with such favor by the traveling public.

DOES SURELY BREAK A COLD

How to Cure the Most Severe Cold and End All Grippe Misery in Just a Few Hours

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

A Story of a Scholar. Theodor Mommsen, the famous historian, had not only the appearance, but the manner, of a scholar. Once during the half hour's drive from Berlin to Charlottenburg the car in which the professor rode went badly off the track. The rest of the passengers alighted, the horses were removed, and the stranded car was left until help could be found. Mommsen remained, reading his book. An hour passed, and the sound of levers and jacks and the plunging of horses' hoofs aroused him from his reverie. With no sign of discomposure he arose from his seat and went to the door. "Ah," said he, "we seem to have come to a standstill."

A Hero in a Lighthouse

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills" he writes, "after I had taken other so-called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50c at all druggists.

An Artist's Privations.

Lough, an English sculptor, had an imaginative enthusiasm so vivid that he once said timidly to a friend, as if fearing ridicule, "I fancy myself in the Acropolis sometimes and hear a roaring noise like the tide." The sculptor's early privations were terrible. Says a writer: "During Lough's first year in London, when engaged on his 'Milo,' he went without meat for three months, had only one bushel and a half of coal during the whole winter, tore up his shirts to make rags in which to keep his clay figure moist and slept beside it when the cold would allow him to sleep on the ground."

A Chaser.

"But, John, how did you get rid of all the creditors?" "I lit one of your tigers."—Flegende Blatter.

CASCARETS CURE A BILIOUS HEADACHE

Gently but Thoroughly Cleanse Your Liver, Stomach and Bowels and You Feel Great by Morning

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with black rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up side. Don't continue being a bilious nuisance to yourself and those who owe you, and don't resort to harsh physics that irritate and injure. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from our druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

CONFIRMED PROOF

Residents of Brainerd Cannot Doubt What Has Been Twice Proved

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Brainerd, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Brainerd sufferers.

Mrs. Alfred Towers, 416 First Ave., Brainerd, Minn., says: "Our experience with Doan's Kidney Pills has been very satisfactory. Six years ago we first used this remedy and at that time it did such good work that we publicly endorsed it. Since then we have taken Doan's Kidney Pills when suffering from backache and other symptoms of kidney complaint and we have never failed to receive relief. Our former statement still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, sole agents for the United States. Remember the name—Doan's—and take no other.
